

# Utilities Industry Contract Work

**G. Webb Haulage** provide bulk road haulage of bio-solid cake to UK utilities companies.

We have many years experience through working with companies such as Anglian Water, Thames Water and Southern Water.

Our vehicles have been developed with the haulage of recycled sewage products in mind and are specified as follows:-

- **8 wheeled bulk bodied tippers vehicles**
- **20 tonne plus payload**
- **Electronically operated sealed tailboards**
- **Electric cab operated vehicle sheets**
- **GPS vehicle tracking**
- **On board vehicle weighing**
